Message from President Hulley

A LIBERAL education is more to be desired than gold. To have it is to have a priceless possession. There is nothing in the whole world to compare with it.

An education means the drawing out, and the developing, of the powers and gifts hestowed upon us by our Creator.

It is called liberal, because the word means to free. Hence, a liberal education is one that sets us free. It sets us free from ignorance, superstition, fear, vice, wicked impulses, vain conceits and many other things.

A liberal education introduces us to a new world. It inducts into us a kingdom of truth and light and life. The kingdom of God is within us. It has neither latitude nor longitude, but is of the spirit.

Poverty and wealth are to be measured not by earthly possessions, such as stocks and bonds, but by spiritual attainments and possessions of the soul.

Education puts us in possession of the elaborated experiences of the race. This it does quickly. Up the slopes of learning men of the ages have climbed by slow degrees. We obtain the records without the sweat they had.

Education brings Plato to our study, Phidias to adorn our homes with art, Aristotle to commune with us about science, Homer to sing to us, Paul to preach to us, Jesus to love us and save us.

Year after year the procession of students passes through the classrooms at Stetson. They are imbued with the spirit of study, work, and self-sacrifice, and go out to minister to others.

Few of the Stetson men and women have failed. They cannot fail, if they carry out the teaching given to them.

The students who have gotten up this book will soon be gone, but they are leaving good records and standards for others, and I am very proud of them and of our alumni scattered all over the state.

BILL MOX

I wish to express my gratitude to the faculty, the student body and, to the innumerable friends who have made life's journey sweeter by their friendship and encouragement.

The future of athletics is more in the hands of those who teach it than those who play it. It is of no consequence how many games are won or lost; how impressive the athletic position of the institution; how well the coach is able to teach; he is a failure as a coach if he does not exert a positive influence for good on the characters of his players.

"For when the Great Scorer comes To write against your name, He writes, not that you won or lost, But how you played the game."

(BILL) WILLIAM GAUTIER Captain, Guard

All will regret the passing of Captain Gautier. An athlete, a scholar and a gentleman. His leadership on the field gave the team the necessary confidence in carrying out their work with carnestness. An exceptionally fine blocker in running interference, and an impenetrable man on the defense. He has never been out on the solelines with an injury, no matter how tough the opposition.

Oldrich Dolney

"Oats" has made many an opposing team wonder how he "sails" along so fast. All the halfbacks want to know the secret of obtaming such accuracy in his passing. While he is not baffling opponents with his own threats he is keeping them baffled with his signal calling.

HAROLD SCHMIDT

This is Peacer's last year. In the past two seasons he has made a wame for himself that will be long remembered by his opponents, as well as all football fains. His work in the line has been of the very best, and we regret that he will not be back next season.

Winfield Mosley Fullback

Mosley can always be depended on to make the few yards that count when they are most needed. He has a sixth sense that always leads him to the right hole on line bucks, and where the play is coming when he is on the defense.

Tris Trally

Donald Hortan Tackle

Dolly was one of our main stays in the line. He was a hard charger, a good blocker, and a demon on the defense. Dolly has two more years and the team can be assured of one good tackle for that length of time.

Travis (Red) Pitrey Ouarterback

This fleet-footed sophomore has showed great possibilities. He can carry the ball like a veteran, slipping, slicing, side stepping and twisting at just the right moment. He not only runs the ball, but runs the team, at quarterback, with remarkable clear-headed strategy.

Joseph Ruzzo Guard

For a fast interference man, Joe is hard to beat. The way he blocked the secondary defensive men was a credit to any guard. On the defense, when a yard was made through his territory, you may be sure the ball carrier knew how he made it, and it wasn't easy. Joe's charging and tackling were of the best.

FRED HEWITT

Freddy has the possibility of a general utility man, because of his versatility. He is a good blocker, tackler, line plunger, and pass receiver. Fred has two more years to play, and with his natural ability and experience he should do big things.

John Socash Center

Soakie is a wonderful center. His passes to the backs were always accurate and sure. His ability to open holes is remarkable, and the lineane could always feel safe when Soakie was backing them up, knowing he would stop the opposing plays on the line of seriu mage.

JOHN URICK

John is one of the reasons why no long gains were made around end this season. He is a hard tackler and blocker, a good pass receiver, and is always cool headed in the play.

Bus Shebal. Haltback

Shebal is one of our most valuable backs. His blocking ability was responsible for many of the gains made by the ball carriers last fall. Ins is also a deadly tackler and a good defender against the forward pass.

JAMES CLARK

"Lamb Chops," although lacking experience, was always giving all he had in the game. He has shown ability as a pass receiver and a good defensive man. Jam is expected to do big things in the next two years.

The Street,

Alfred Kish Fullback

Al has smothered many an ambitious back's hopes of making a gain through the line by stopping them before they started. Al can make a weak line look strong if the occasion demands it. Al is also an excellent ground gainer by his pile driving force in line bucking.

KENNETH SMITH

Red is an accurate ball passer, and is in every play. His ability in a new position was shown when he was shifted to end. When a good center or end is needed we can always call on Red.

"RED" WESLEY LARSON Guard

Red has played his last game for Stetson. He was a valuable man and we regret to see him go. Red was always at the right place at the right time, smearing the opponents' plays and helping our backs gain ground.

James Nimec

Guard

Jimmic hails from the Windy City and is as tough as any of his gangster friends. With his broad grin and fighting spirit Jimmic is due a great deal of credit for the success of the last season.

"BILL" WILLIAM WHITMAN Tackle

Bill is one of our best linemen. Although handicapped by the lack of weight, he was always to be relied upon to make holes for the ball carriers, and plug them up on the defense.

HAROLD MARTIN

End

Charlie is one of the best ends that ever donned the Green and White. He was in every play, both on the defense and offense, giving his all for the team. The team suffered a great loss when he was ruled ineligible, as he was the nucleus for many plays.

In Basket-ball the Sophomores won a default game from the Juniors, but were beaten by the Freshmen. The Juniors rallied, but lost in a good game to the Freshmen who now have the first place. Laurels go to Virginia Cowart Geraldine Farrar, Marjorie Harper, Margaret Anderson, Kathryne Symington, Elizabeth Martin and Margaret Zoll.

Minor Sports

Boxing Team

Left to Right

Coach Al Kish, Bob Hicky, Carroll Porter, Dolly Horton, Elbert Tyner,

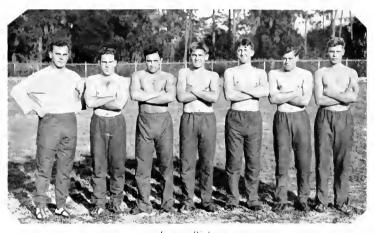

Dick Wildeson

Boxing is a new sport in Stetson, but one which promises to be very popular. Although there have been no inter-collegiate matches yet, several are planned with the various schools. The boxers have worked hard this season and by what has been seen of their exhibitions, some first class matches can be anticipated in the near future.

TOTAL MINITED

Wrestling Team

Left to Right

Coach Bill Mox, Bill Gautier, John Monti, Joe Pecalunis, Jun Nemic, Bud Plotts, Beaver Schmidt.

Much interest has been shown in wrestling since it has been started at Stetson. The matches provided for the fans, in between halves at the basket-ball games, have been very interesting and enjoyable. With the hard work of Coach Mox and co-operation of the wrestlers, a first rate team should be produced in the near future.

Physical Education for women is new on the campus, with required classes for Freshmen, elective ones for upperclassmen and intramural sports for all.

For the all-year sport, tennis holds sway. With the Junior team, composed of Eleanor Spofford and Mae Daniel, taking first place, the Freshman team, with Bernice Fisher and Kathryne Symington second, and the Sophomore team, of Mary Harris Ezell and Betty Foard third. In the singles, Jo Hill represents the Seniors, Eleanor Spofford Juniors, Betty Foard Sophomores, and Bernice Fisher Freshmen.

The feature of the year 1930-31 which most delighted the members of Theta Alpha Phi and those interested in dramatics at Stetson was the opening of the new Assembly Hall, with the staging facilities which it affords. Appropriate effects in scenery, lighting and sound were made possible by more adequate equipment, and the dreams of all Thespians for twenty years were realized. On November 20 and 21, 1930, as a feature of the Homecoming program, the new building was opened to the public, presenting "Apollo and the Muses," by Dr. Lincoln Hulley, as the first play to grace its boards. On October 10, 1930, the beginning of the school, "The Swan," was produced by the Stetson players at the University Auditorium. This was followed by "Grumpy," on October 30, the last play to be given on the old stage. After "Apollo and the Muses" came "Three Wise Fools," the feature play of the year. This comedy was presented at the Assembly Hall of the University on January 30, playing a return engagement on February 6, and at the Chautauqua at the Keystone Heights on February 20. Finally, on March 11, the Stetson players entertained the State Convention of the D. A. R. with the same "Three Wise Fools." A recent drama by Milne, "A Perfect Alibi," was presented in April, followed by three one-act plays. The Shakespearean play, "The Merchant of Venice," given at Commencement at an afternoon and evening performance, ended the year's program. Theta Alpha Phi has achieved a theatrical season of distinction and success.

STETSON ... HATS

THE "EYES" HAVE IT!

Feminine eyes! How quickly they appraise a fellow! Just a flick of the eye and every detail from hat band to toe tip is registered—and the result catalogued. No army officer at Saturday inspection was ever more keenly critical.

Most of those appraising glances start with the hat—and happy is the head which wears a Stetson! Its dignified style; its air of "belonging"; its tradition of quality, proclaim to the world that here is a man who knows how to choose his hats!
